Sources	Question	Yes	No
Laws, regulations and administrative procedures			
PoA II.2, 12	5. Does your country have laws, regulations or administrative procedures to exercise effective control over the export, import, transit or retransfer of SALW?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PoA II.11	<p>5.1 List laws, regulations or administrative procedures to exercise effective control over the export, import, transit or retransfer of SALW.</p> <p>As there is no exporting industry for SALW in Ireland, most applications for the export of weapons relate to the personal exportation of individual shotguns for sporting / heritage purposes. Consequently many of the questions in this and other segments are not applicable. Export control over SALW and associated risk assessments and controls are designed to take account of infrequent exports of single firearms in well defined circumstances.</p> <p>The Firearms Acts 1925-2009 provide for restrictions on the importation of firearms. Any person wishing to import a firearm into the State must apply to the Department of Justice and Equality for an importation licence. A licence will not be granted unless the applicant has a good reason for importing it and granting the licence would not prejudice public safety and security. The Control of Exports Act, 2008, is the primary legislation governing export controls.</p> <p>This legislation establishes an export licensing regime over all exports of military and dual-use goods, including Small Arms and Light Weapons. However, Ireland does not have a manufacturing capacity for these weapons. The control of Exports (Goods and Technology) Order 2009¹² provides for the control of exports of goods and technology listed in the Schedule to that Order. This Order relates to goods and technologies on what is commonly referred to as the EU Common Military List.</p> <p>Member States are required to control the export of these, and the Order provides they can only be exported “under and in accordance with a licence”. European Communities (Intra-Community Transfers of Defence-Related Products) Regulations 2011 S.I. No 346 of 2011 give effect to Directive 2009/43/EC of the European Parliament and of the Council of 6 May 2009 simplifying terms and conditions of transfers of defence-related products within the Community.</p> <p>The Directive provides that the transfer of defence-related products between Member States shall be subject to prior authorisation. It provides for three types of transfer licences to cover such transfers: general transfer licences, global transfer licences and individual transfer licences. Defence-related products are defined as any product listed in the Annex to the Directive which corresponds with the Common Military List of the European Union.</p> <p>These lists are updated annually. The latest list is given effect in Ireland by European Communities (Intra-Community Transfers of Defence-Related Products) (Amendment) Regulations 2015, S.I. No. 88 of 2015. The Government of Ireland assesses license applications for military and dual-use goods under EU Common Position 2008-944, which obliges member states to consider eight criteria when assessing license applications.</p>		

PoA II.11	5.2 Does a person or an entity who transfers SALW require a license or other form of authorisation to transfer SALW from/into your country?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PoA II.3	5.3 Is it a criminal offence to trade SALW without a license or authorisation, or to do so in a manner that is in contradiction to the terms of a license or authorisation, in your country?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PoA II.11	5.4 What kind of documentation does your country require prior to authorising an export of SALW to another country?		
PoA II.12	<p>a) An end-user certificate (EUC) from the importing country.</p> <p>i) What elements does an end-user certificate in your country contain (check relevant boxes)?</p> <p>1) Detailed description (type, quantity, characteristics) of the SALW or technology <input checked="" type="checkbox"/></p> <p>2) Contract number or order reference and date <input checked="" type="checkbox"/></p> <p>3) Final destination country <input checked="" type="checkbox"/></p> <p>4) Description of the end-use of the SALW <input checked="" type="checkbox"/></p> <p>5) Exporter's details (name, address and business name) <input checked="" type="checkbox"/></p> <p>6) End-user information (name, position, full address and original signature) <input checked="" type="checkbox"/></p> <p>7) Information on other parties involved in the transaction <input checked="" type="checkbox"/></p> <p>8) Certification by the relevant government authorities of the authenticity of the end-user <input type="checkbox"/></p> <p>9) Date of issue <input checked="" type="checkbox"/></p> <p>10) Other: <input checked="" type="checkbox"/></p> <p>[if other, please explain]</p> <p>A police removal certificate is also required before an export license is issued.</p> <p>b) Other types of end-user documentation:</p> <p>Licenses for personal firearms are provided on the basis of an administrative procedure involving close liaison with the national police authorities and the provision by the police authorities of a removal certificate. This contributes to establishing the bone fides of a transaction involving a personal export transaction.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PoA II.12	<p>5.5 Does your country verify or seek to authenticate EUCs or other types of end-user documentation provided?</p> <p>5.5.1 Details:</p> <p>Where required, the authenticity of EUCs can be verified through diplomatic channels.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

ITI 8b	5.10 Does your country require that SALW imported into your country be marked at the time of import?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	5.10.1 Who is required to mark the SALW?		
	<p>The firearms (Proofing) Act 1968 refers to a requirement to have all firearms imported into the state proof marked. This does not include the stamping or engraving of unique reference or serial numbers. Section 3A(2) specifies that it is the responsibility of the manufacturer to engrave the unique number. Statutory Instrument No. 493 of 2010 gives effect to the EU Directive 91/477/EEC on the control of the acquisition and possession of weapons.</p>		
	<p>Section 6 of the SI 493 of 2010 inserts Regulation 3A requiring engraving/stamping of a unique number on firearms imported into the state or into the EU through this state.</p>		
	5.10.2 What information is included in the marking on import (check relevant boxes)?
